Objective: To obtain a rewarding and challenging position as a senior architect.

Summary: Skillful, talented and highly motivated licensed architect having more than 25 years of professional experience using knowledge of architectural and engineering practices, construction methodology, building materials and systems integrating sustainable design principles. Possess strong leadership and communication skills. Willing to relocate.

Markets: Central & South Florida since 2/2004, SE Michigan prior

Pond Federal & Department of Defense projects with NAVFAC Jacksonville.
Fire Station, Charleston AFB, SC
NEXCOM Student Store, Charleston AFB, SC
Barksdale AFB Food Service Master Plan Study and Criteria Documents, Shreveport, LA

- **Accomplishments:** Successful Food Service Master Plan analysis and design proposals overwhelmingly approved by BAFB leadership and supported to move to next phase. **Achieved high performance review grade from customer.**

BRPH **K-12 Education:** Central and South Florida: Performed work for Brevard, Osceola, Orange, Indian River, Lake and Lee County School Boards
Higher Education: Brevard Community College & Florida Institute of Technology
Commercial: Space Coast Area - Harris Corporation, Boeing, NASA

- **Accomplishments:** Successful design and completion of an 110K S.F. Intermediate School modeled after a two-story tilt wall prototype design. Delivery method was CM at risk. Attentive support during construction administration resulted in the **completion of the project one month before scheduled, and under budget.** The project also included a stand-alone central chiller plant that also supports two additional adjacent schools.
