Gov. Crist Appoints Two to the Board of Architecture and Interior Design

Tallahassee, FL – Governor Charlie Crist has announced two appointments to the Board of Architecture and Interior Design. The Florida Association of the American Institute of Architects (AIA Florida) is pleased with the selection of architects Johnstone Reid, FAIA and Warren Emo, AIA.

Reid has more than 30 years of experience and is currently employed at Camp Dresser and McKee Inc. in Ocala. His diverse experience includes the preparation of planning and feasibility studies, property condition assessment surveys, Americans with Disabilities Act (ADA) evaluations, Uniform Building Code Inspections and Asbestos Abatement Management and Supervision.

Emo balances his time as president of three companies, which represent three primary areas of practice: EMO/ARCHITECTS, INC., ArC/MASTERBUILDERS, INC., and EMO/PROPERTIES, LLC. The three companies are fully integrated in a studio environment and are housed at the corporate headquarters in Tallahassee. The areas of practice include planning, architecture, design/build, construction management, program management and turn key project development.

“Mr. Reid and Mr. Emo are each uniquely qualified for these positions on the Board, and the Association is proud to support them in their new roles,” stated Richard J. Logan, AIA, 2010 President of AIA Florida. “The Board serves an important role in regulating our profession and it is essential to have architects that are very knowledgeable the workings of a firm and the rules and regulations.”

The Florida Association of the American Institute of Architects, headquartered in Tallahassee, represents the interests of more than 3,700 members in Florida. Members adhere to a code of ethics and professional conduct that assures the client, the public, and colleagues of an AIA-member architect's dedication to the highest standards in professional practice.
