About NCARB

NCARB comprises the architectural registration boards of all 50 states as well as those of the District of Columbia, Puerto Rico, Guam, and the U.S. Virgin Islands. NCARB assists its member registration boards in carrying out their duties and provides a certification program for individual architects.

The National Council of Architectural Registration Boards is committed to protecting the health, safety, and welfare of the public through effective regulation and exemplary service. In order to achieve these goals, the Council develops and recommends standards to be required of an applicant for architectural registration; develops and recommends standards regulating the practice of architecture; provides to member boards a process for certifying the qualifications of an architect for registration; and represents the interests of Member Boards before public and private agencies. NCARB has established reciprocal registration for architects in the United States, Canada, and Mexico, and is engaged in similar discussions with additional countries.
