This is a sample Data Sheet for the AIA Florida/Caribbean Design Awards. A typical data sheet might contain the essential facts about a project (location, square footage, etc.), along with a brief description of the project, a brief description of the site and a synopsis of the process that led to the design solution. Descriptions should not exceed 500 words. This description may also highlight supporting objectives such as sustainability, energy-efficient performance, etc. Do not identify the entrant or the entrant's firm on this sheet.

Do not forget to include your entry number in the header of this document.

The image on this sheet shall not exceed 5x7 inches. The Data Sheet shall not exceed one, single-sided 8.5x11 page.

The jurors will have a binder with all Data Sheets compiled for their reference throughout their evaluation of the submissions for the AIA Florida/Caribbean Design Awards.
