

# DAVID H. GHEZZI

MIAMI, FLORIDA

786-242-8454

## OBJECTIVE:

Seeking position as Architect/Designer with prominent architectural firm. I am experienced working with owners to determine the design requirements, design the project, produce the construction documents, and administer the construction contract. My responsibilities included addressing planning issues, product research and selection, code research and compliance, quality control and assurance reviews, and construction contract administration including review of submittals and substitution requests before and after award of the construction contract. I am experienced with AutoCAD and REVIT, able to assist the CAD/BIM production team in direct development of construction drawings.

## EDUCATION & CREDENTIALS:

Masters of Architecture  
Bachelors of Science Construction Management  
Florida International University, Miami, Florida

## Professional Certifications:

- NCARB Certified
- Florida Registered Architect
- LEED AP

## WORK EXPERIENCE HIGHLIGHTS:

### Ed Lewis Architects, Inc.

2007-2009 (2 years)

Miami, Florida  
Project Manager

Produced CD's (including specs) and provided Project Management for Baptist Health renovation projects, local Miami-Dade College renovation projects, and various commercial and municipal government projects. Met with clients, coordinated project development at all phases: schematic and design development, construction documents, procurement, construction contract administration, and project closeout.

### Edw. M Ghezzi Architects and Planners

1992-2007 (16 years)

Miami, Florida  
Project Manager

Produced CD's and provided Project Management for Quick Serve Restaurants such as Chick-fil-A, Dunkin Donuts, and Burger King. Produced construction documents for custom residential, commercial/retail projects. Coordinated with clients and consulting engineers; provided construction contract administration. Presentation drawings and models.
