

## EXPERIENCE

## UNIVERSAL CREATIVE

## Assistant Manager, Facility Design 04/18 - present

- > managing the facility design of a confidential project for Universal's Epic Universe in Orlando, FL
- > working with Senior Facility Design Manager on management of the internal team and external architectural / engineering vendors
- > developing facility design solutions via Revit, AutoCad, and Adobe Creative Suite
- > coordinating with our architectural and engineering vendors to provide information and design intent
- > working with our Universal partners to ensure program, budget, and scope requirements were met
- > reporting facility development to Senior Facility Design Manager and upper management on a weekly basis

## Associate Designer, Architectural 06/17 - 03/18

- > offered full-time position working on Universal Beijing Resort due to proactive / self starting nature during internship
- > advanced the drawings of architectural documentation for executive design reviews
- > 3-D modeling of various elements on two confidential projects for creative design intent
- > created virtual "fly-throughs" of confidential projects for executive leadership presentations

## Creative Design Intern 05/16 - 08/16

- > worked on various architectural design efforts for Universal Beijing Resort in Beijing, China
- > created a park-wide merchandise design standards booklet that was used for reference at every retail location in the resort
- > produced various architectural models/drawings to progress design intent for leadership presentations and vendor communication

## WALT DISNEY IMAGINEERING

## Creative Design Services Management Intern 06/15 - 08/15

- > responsible for the development of scope, schedule, and budget of projects within WDI Design Services at Walt Disney World Resort
- > managed various disciplines within WDI including; but not limited to, Art Direction, Graphic Design, and Graphic Fabrication
- > partnered with operating stakeholders and documented existing site conditions of installed projects

## SELF REGIONAL HEALTHCARE

## Architectural Intern 03/14 - 08/14

- > managed hospital office relocations/renovations (i.e. furniture selections, organizing furniture layouts digitally, leading movers, etc.)
- > observation of DHEC inspections during the construction phase
- > created and updated equipment lists and inspection schedules in MediMizer X3 for preventative maintenance

## FURMAN ARCHITECTS INC / TRADITIONAL CONCEPTS INC

## Architectural Intern 10/13 - 03/14 (each part-time)

- > development of plans, elevations, sections, and other architectural documentation using AutoCad for various projects
- > participated in the review of product or shop drawing submittals during the construction phase
- > completed measured surveys of existing residential projects in order to create floor plans, elevations, etc. for renovations

## EDUCATION

## CLEMSON UNIVERSITY

## Master of Architecture

- > Barcelona Architecture Center in Barcelona, Spain

## Bachelor of Arts in Architecture with a Minor in History

- > Charles E. Daniel Center for Building Research + Urban Designs in Genoa, Italy

## TRAINING

## UNIVERSAL CREATIVE

## BIM 360 Document Management

- > involved extensively with the BIM 360 platform during the development of Universal's Epic Universe
- > integrated various elements into platform including; but not limited to, architecture, show elements, and attraction ride system

## WALT DISNEY WORLD RESORT

## Disney's Professional Development Series-Engineering

- > completed an in-depth study of engineering processes from concept to reality
- > studied various aspects of attractions in operation to understand concept, development, construction, and maintenance

## Disney's Ultimate EnginEARing Exploration (DUEE)

- > studied various attractions around EPCOT Center with professional engineers
- > partnered with other students to design a "more intense" Jungle Cruise attraction
