

Architectural Designer

Doherty Sommers Architects Engineers, Inc. – located in Jacksonville Beach, FL – seeks to hire an Architectural Designer. Candidate must have a Master’s degree in Architecture or related field. Job duties include:

1. Produce drawings, using AutoCAD, Revit, and Adobe programs, to design interior tenant spaces within existing and free-standing buildings.
2. Draft plans and detailed drawings for structures, installations, and construction projects.
3. Coordinate with design engineers in-house and outside of the office (civil, structural, mechanical, electrical, plumbing).
4. Analyze building codes, fire prevention codes, space and site requirements, and other technical documents and reports to determine their effect on architectural designs.
5. Draw maps and diagrams using cross-sections and surveys, to represent elevations, topographical contours, subsurface formations, and structures.

Pay is \$57,000 plus fringe benefits. Interested applicants should send cover letter and resume to Craig Sommers via email to csommers@dsae.net.
